

Consolidated Container Company Acquires Precision Plastics, Inc.

Atlanta, Georgia – August 3, 2015

Consolidated Container Company (“CCC”) announced that it has acquired the assets of Precision Plastics, Inc. The business, located in Chippewa Falls, Wisconsin, primarily supplies HDPE plastic containers to the bottled water market.

“The acquisition of Precision Plastics is a good strategic fit with CCC’s existing water market platform allowing for greater leverage of our capabilities and expertise while expanding our geographic footprint to better serve our growing customer base,” said Sean Fallmann, President and Chief Executive Officer of CCC.

About Consolidated Container Company

CCC is a leading developer and manufacturer of rigid plastic packaging solutions in North America. CCC specializes in customized mid and short-run packaging solutions, serving a diverse customer base in the dairy, household chemicals, food, industrial/specialty chemicals, water, and beverage/juice markets. CCC also operates a leading plastic recycled and custom compounded resin business, Envision Plastics. With 54 rigid package manufacturing plants, 3 recycled resin manufacturing facilities, and 2,400 employees, CCC has an integrated, nationwide service network to deliver reliable and cost-effective packaging solutions to meet the needs of a wide range of customers and markets. From its state-of-the art Panella Engineering and Development Center, to the recycling technologies of Envision Plastics, to its experienced manufacturing teams across its network, CCC delivers high performance, cost-effective solutions to meet even the most challenging applications.
